(In Inch)

There are so many small items in the kitchen that it becomes difficult for you to sort and store them. Partition basket is a simple storage idea. A flat simple basket with two partitions to organise things like small packets, bottles, achars, jams, tea packets of different varieties among others.

1. Completely safe for storing food products and Kitchen Utensils.
2. Enhances looks of your kitchen
3. Easy to use
4. High quality material
