CUTLERY EXPANDABLE

► The strong steam beech material from which the cutlery tray is made ensures that it survives the wear and tear of heat and stains. The smooth finish and the colour make it stain resistant and easy to clean. Further more because of its ease of installation it can be removed from the drawer, wiped with a wet cloth and re-installed without any hassle. Please ensure that you are not placing wet utensils in the cutlery partition to increase the longevity of it.
